

Piano Keyboard Note Names

Find every note on the keys

The pattern CDEFGAB repeats up the keyboard. Black keys are sharps (#) or flats (b).

The coral dot marks middle C, right in the middle of the piano.

C# = Db

same black key

D# = Eb

same black key

F# = Gb

same black key

G# = Ab

same black key

A# = Bb

same black key

Sharp (#) = the key just above. Flat (b) = the key just below.

2 black keys, then 3 black keys, then again: that is how you always find C.

Name the Keys

Write the letter on each white key, then check page 1
