Terminal: Look, Search and Get Help

Read files, find things, learn more

Command	What it does
`$ less file.txt`	read a file one page at a time (q quits)
`$ head file.txt`	show the first 10 lines
`$ tail file.txt`	show the last 10 lines
`$ grep word file.txt`	show lines that contain a word
`$ find . -name "*.txt"`	find files by name
`$ wc -l file.txt`	count the lines in a file
`$ echo hello`	print text on the screen
`$ echo hi > a.txt`	write text into a file
`$ man ls`	open the manual for a command
`$ ls --help`	show a short help for a command
`$ history`	list the commands you typed
`$ clear`	clear the screen

Tip: Stuck? Type man and the command name. Press q to leave the manual.
